

University of Messina

5th Conference on "Integrated Therapies in Oncology"
state of the art and future challenges ...

President: Vincenzo Adamo

Aula Magna University of Messina
Polyclinic Hospital Congress Centre "G. Martino"
Messina July 8-10, 2008

Under the Patronage of

Presidenza Regione Siciliana

Assessorato Regionale alla Sanità

Comune di Messina

Provincia Regionale di Messina

Università degli Studi di Messina

Facoltà di Medicina e Chirurgia di Messina

Ordine dei Medici della Provincia di Messina

Collegio Oncologi Medici Universitari

Consorzio Interuniversitario Nazionale per la Bio-Oncologia

Associazione Italiana di Oncologia Medica

Associazione Italiana di Radioterapia Oncologica

Società Italiana di Chirurgia Oncologica

Società Italiana Anatomia Patologica e Citopatologia diagnostica - IAP

Società Italiana Tumori

Gruppo Oncologico Italia Meridionale

Lega Italiana per la Lotta contro i Tumori

Fondazione Bonino Pulejo

Fondazione Carrozza-Pollicino

Fondazione Centro Oncologico di Eccellenza "Saverio d'Aquino"

CME

Accreditation will be requested to the Italian Ministry of Health

On the cover:

Degree Certificate "Utrouque iure" Andrea Micalizzi, 1672, Regional Museum, Messina's Library

On the back cover:

Messina old print

Conference President

Prof. Vincenzo Adamo

*Cattedra di Oncologia Medica, U.O. Oncologia Medica e Terapie Integrate,
Policlinico "G. Martino" - Università di Messina, Italy*

Scientific Committee

F. Boccardo (*AIOM President*)

P. Muto (*AIRO President*)

G. Taddei (*SIAPEC - IAP President*)

L. Di Martino (*SICO President*)

G. Francini (*COMU President*)

S. Iacobelli (*CINBO President*)

Organizing Committee

N. Caristi, G. Ferraro, C. Garipoli, M. Zanghì, B. Adamo,
T. Franchina, M. Iorfida, M. Maugeri Saccà

Conference Venues

Aula Magna University of Messina (July 8)

Polyclinic Hospital Congress Centre "G. Martino" (July 9-10)

Dear Colleagues,

I am particularly happy to have you here again in Messina from July 8th to 10th for the 5th **Conference on “Integrated Therapies in Oncology”.....state of the art and future challenges.**

An *opening ceremony* with four main lectures will be held at the Aula Magna of the University of Messina on July 8th in the afternoon, and the following days the conference will continue at the Congress Centre of the Polyclinic Hospital. As in the last ten years, the biennial conference has been sponsored by the major Scientific Oncology Societies such as AIOM, AIRO, SICO and SIAPEC-IAP, that are represented in the Scientific Committee by their Presidents in charge.

In each session interesting debates among the Pathologists, Radiotherapists, Surgeons and Oncologists will be held about the most significant pathologies: *breast carcinoma in young and elderly patients, colorectal carcinoma, head and neck carcinoma, renal carcinoma, lung carcinoma, and gastric carcinoma.*

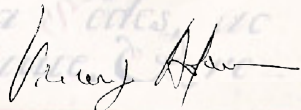

Subsequently two sessions will be entirely dedicated to *target and genomic therapies* and their potential use in integrated strategies and multimodality approaches.

As in the past editions, topics have been selected according the most important scientific knowledge and advances that are today even faster, thanks to the innovations in the field of bio-molecular technology. For this reason, our difficult task as oncologists continues to be particularly challenging for our *important life saving mission.*

The faculty will be represented by major experts and competent colleagues involved in bio-molecular and clinical research. The innovation of this edition is that, at the end of each session Italian and Foreign experts will compare their experiences. The Conference will be therefore an important occasion to update and verify the international scientific contributions, through lectures, symposia and debates, with the aim of intensifying the knowledge on future challenges: *a real multidisciplinary approach for the oncology patient.*

We are sure that the Conference will be innovative, complete and stimulating thanks to the friendly and enthusiastic participation of all our expert colleagues.

Confident in your participation, I would like to welcome you all to our beautiful city
best regards

Faculty

Programme

JULY 8

Aula Magna University of Messina

16.00 Registration

17.00 Welcome addresses and opening ceremony

V. Adamo

17.30 Main Lectures

President: *G. Francini*

Chairmen: *N. Gebbia, M. Gianni*

From morphology to molecular characterization

G. Viale

Surgical innovations in the treatment of brain tumors

F. Tomasello

Innovative radiotherapeutic options and multimodality approach

G. Biti

The real progress of medical therapies on tumors

F. Boccardo

20.00 Welcome Cocktail

Programme

JULY 9

Polyclinic Hospital Congress Centre “G. Martino”

8.30-10.15 1st SESSION

Early breast carcinoma in young patient: towards a new road?

Chairmen: AR. Bianco, F. Cognetti

Prognostic and predictive molecular factors

G. Tuccari

Conservative or radical surgery?

L. Di Martino

Radiotherapy: timing and innovations

U. Ricardi

Adjuvant or neoadjuvant therapies?

M. Venturini

Comparing experiences

S. De Placido, X. Pivot

Discussion

10.15-12.00 2nd SESSION

Resectable advanced rectal carcinoma: the best therapeutic strategy

Chairmen: G. Catalano, G. Colucci

Morphological and molecular new features

G. Barresi

Conservative surgery: how and when

C. Famulari

New trends on radiotherapy

R. Corvò

Conventional and targeted therapies: what role do the play?

E. Maiello

Comparing experiences

R. La Bianca, S. Turhal

Discussion

Open coffee

Programme

12.00-13.30 3rd SESSION

Targeted therapies and multidisciplinary approach

Chairmen: M. Aglietta, M. Ferrarini

The changing point of molecular oncology
Monoclonal antibodies targeting HER1-2
Small molecular targeting EGFR
Monoclonal antibodies anti-VEGF
Chemotherapies: evolution and targets

A. Giordano
F. Ciardiello
M. Danova
G. Tonini
L. Del Mastro

Discussion

Lunch break

14.30-16.15 4th SESSION

Ovary carcinoma and integrated therapeutic strategies: future challenges

Chairmen: G. Altavilla, B. Massida

Molecular diagnosis: present and future
Large cytoreductive surgery: what predictive role?
Radiotherapy: how and when
The best timing for medical treatments
Comparing experiences

L. Taddei
G. Scambia
P. Muto
V. Lorusso
PF. Conte, JM Del Campo

Discussion

Open coffee

Programme

16.15-18.00 5th SESSION

Multimodality management of locally advanced NSCLC

Chairmen: L. Crinò, M. Monaco

Morphology and molecular biology: some practical suggestions *O. Nappi*
Surgical management: are there new approaches? *F. Facciolo*
How to optimize radiotherapeutic treatments *L. Trodella*
Neoadjuvant and adjuvant therapies *F. De Marinis*
Comparing experiences *G. Scagliotti, E. Felip*

Discussion

18.00-19.00 SANOFI-AVENTIS SYMPOSIUM

President: C. Iacono

Chairmen: M. Caruso, L. Manzione

Evolution in the choice of cancer treatment

Breast cancer: safety and activity update of BCGR006 *P. Pronzato*
Gastric carcinoma: safety and activity update of tax325 *PS. Tagliaferri*
Prostate carcinoma: safety and activity update of tax327 *G. Carteni*

Invited discussants: *Nobi* R. Bordonaro, F. Ferraiù, D. Giuffrida

Programme

JULY 10

Polyclinic Hospital Congress Centre “G. Martino”

8.30-10.15 1st SESSION

Early breast carcinoma in elderly patients

Chairmen: GL. Cetto, P. Melita

Molecular and predictive markers... are they different?	A. Sapino
Conservative versus radical surgery?	F. Schittulli
Timing and radiotherapeutic innovations	G. Arcangeli
Adjuvant or neoadjuvant treatments: how to choose	G. Mustacchi
Comparing experiences	P. Marchetti, A. Howell

Discussion

10.15-12.00 2nd SESSION

Gastric cancer: neoadjuvant or adjuvant therapeutic strategies?

Chairmen: C. Ficorella, A. Riccardi

Histological and molecular behaviour	P. Dei Tos
Laparoscopy and conventional surgery: status and perspectives	G. Navarra
Chemoradiation combination: distant dream or close reality?	V. Valentini
Medical treatment today: advances and timing	C. Pinto
Comparing experiences	S. Cascinu, J. Tabernero

Discussion

Open coffee

Programme

12.00-13.30 3rd SESSION

Targeted therapies and multidisciplinary approach

Chairmen: R. Cellerino, C. Nisticò

Preclinical genetic research

Pharmacogenomic: reality or...!

New molecules targeting EGFR

New molecules targeting RANK/RANKL

New treatment on viral associated brain tumors

A. Russo

PF. Tassone

F. Montemurro

D. Santini

K. Khalili

Discussion

Lunch break

14.30-16.15 4th SESSION

Head-neck carcinoma and multidisciplinary approach: future challenges

Chairmen: S. Cariello, E. Terzoli

Expression of molecular and predictive pathways

Organ preservation strategies

IMRT: alone or in combination?

Medical therapies: innovations in advanced stages

Comparing experiences

D. Massi

F. De Ponte

S. Pergolizzi

S. Palmeri

M. Merlano, GV. Kornek

Discussion

Programme

16.15-18.00 5th SESSION

Renal carcinoma: which gain by a multidisciplinary approach?

Chairmen: B. Agostara, I. Carreca

Biomolecular characterization: expressions/co-expressions *G. Martignoni*
Surgery today *G. Morgia*
Innovations and timing of radiotherapy *C. De Renzis*
The role of new targeted drugs *L. Dogliotti*
Comparing experiences *S. Iacobelli, S. Oudard*

Discussion

18.15 ***Closing remarks***

V. Adamo

5th Conference on "Integrated Therapies in Oncology" state of the art and future challenges...

Aula Magna University of Messina and Polyclinic Hospital Congress Centre " G. Martino"

Messina, 8-10 July 2008

**REGISTRATION AND ACCOMMODATION FORM

GENERAL INFORMATION

LANGUAGE

The official language of the Conference will be Italian and English. Simultaneous translation is provided into both languages on July 9 and 10.

SCIENTIFIC INFORMATION

15 minutes are the usual oral presentation time, followed by the discussion. All sessions, as well as plenary lecture sessions, will be equipped with a computer projection.

Speakers are invited to deliver their Power Point presentation to the Slide Center on Cd-Rom or USB memory, at least one hour prior to their scheduled time. For images, please use extension .gif or .jpg.

For any other further inquiry please do not hesitate to contact the Organizing Secretariat.

CME ACCREDITATION

Will be requested to the Italian Ministry of Health in relation with the Italian Continuing Medical Educational program for Oncologist, Radiotherapist, Surgeon.

The attendance certificate will be sent by e-mail, according to the actual attendance to the conference in each session.

CONFERENCE VENUE

Aula Magna University of Messina (*P.zza Pugliatti*) July 8.

Polyclinic Hospital Congress Centre "G. Martino" (*Via C. Valeria*) July 9-10.

REGISTRATION FEES

Registration fee for Physician Euro 240,00 (VAT included)

Registration fee for Physician, under 40 years, Euro 120,00 (VAT included) and includes admittance to:

- Admission to the Conference
- Attendance Certificate
- CME Certificate
- Open Coffee and Lunch
- Welcome cocktail

CHANGES

The Scientific and the Organizing Secretariats reserve the right to make any changes to the programme for scientific and/or technical reasons.
