Qualified Dentists

Would you like to work in the UK? Professional development and competitive salaries (realistically £70,000 – 100,000 in the first year)

resourcing are looking for dental professionals who are interested in relocating to the UK.

Market Knowledge

We have been finding careers for international dentists in the UK since 2000. We have close working relationships with small independent practices as well as large multiplies across the UK.

We are able to provide a wide range of vacancies in different locations, in private and public sectors to suit your individual preferences.

-Our service is free for you.

-We are independent so we are not tied to any specific employer

-We are able to offer financial help with relocation to the UK if desired (up to £3000)

-We will support you with registration with the General Dental Council.

-Additionally we provide help, support & advice about the UK to help you decide which region or city would be best for you. We help you with travel arrangements for your interview & when relocating we will provide you with local knowledge such as; universities, colleges, local attractions, travel, sports & leisure facilities etc.

We are able to arrange the interview directly with the employer within days from receiving your CV and at the target location.
